Buy American Provision of the American Recovery Reinvestment Act (ARRA)

The **“Buy American Act”** requires that a product be manufactured in the United States **be more than 50 percent U.S. fabricated, assembled, materials, components and parts** to be considered **“Made in the USA”** for government procurement purposes.

The required material review and analysis has been completed for all MidNite Solar electrical and electronic products, other than circuit breakers, fuses and fuse holders and are **qualified as “Made in the USA”**.

This includes, but is not limited to:

- E-Panels
- AC and DC circuit breaker boxes
- Charge controllers
- Clippers
- Inverters
- Pre-wired power systems
- Battery enclosures
- Communications modules

Sincerely,

Robin Gudgel
President
MidNite Solar
