

Buy American Provision of the American Recovery Reinvestment Act (ARRA)

The “Buy American Act” requires that a product be manufactured in the United States be more than 50 percent U.S. fabricated, assembled, materials, components and parts be considered “Made in the USA” for government procurement purposes.

The required material review and analysis has been completed for all MidNite Solar electrical and electronic products, other than circuit breakers, fuses and fuse holders and are qualified as “Made in the USA”.

This includes, but is not limited to:

E-Panels

AC and CD circuit breakers boxes

Charge controllers

Clippers

Inverters

Pre-wired power systems

Battery enclosures

Communications modules

MNLSOB line of products

Sincerely,

Robin Gudgel

President

MidNite Solar, Inc.
