

NOW **Save** on **MidNite Solar's** **CLASSIC 200 MPPT** **Charge Controller!**

We are now offering our Classic 200 MPPT Charge Controller for the same price as our Classic 150.

The Classics are the only MPPT controllers that have Arc Fault protection, which is now a requirement of NEC 2011.

With the Classic models rated from 63 to 96 Amps, why would you want any other controller?
