

MIDNITE SOLAR'S Disconnecting & Arc Fault PV Combiners

The best under the sun!

MidNite Solar, America's number one array combiner manufacturer is proud to announce our new line of Disconnecting Combiners! These Combiners are all designed to meet, and indeed, exceed the 2011 NEC requirements. With over 60,000 combiners sold, MidNite Solar continues to lead the industry into the future with our new safer, smarter, full featured disconnecting combiners. MidNite will have 4, 8, 16, 24 & 36 strings models available first quarter of 2012.

The Birdhouse
Emergency
Shut-off switch
provides a safe
means to
disconnect high
voltage PV arrays.
