

The ROSIE

Inverter/Charger

- 120/240AC output
- Auxiliary inputs and outputs
- 2800W 12V for marine, RV and other mobile applications
UL458, UL1741 & CSA
- 4000W 24/48V for RE applications
- Battery based Grid-Tie, backup, AC couple-able and self consumption
UL1741 & CSA
- Sealed (gecko/mud dauber proof)
- Forced air cooling over heat-sink fins and transformer compartment,
electronic component compartment completely sealed.
